

Dear Sir or Madam,

We hope that this message finds you well.

We would like to introduce our organisation's aims and activities, with a particular focus on our international internship programme.

Euro-Mediterranean Resources Network is a not-for-profit, independent, non-aligned and non-partisan regional organisation, specialising in news and information gathering, strategic research and training on community media, environment, community development, arts and cultural heritage, civil liberties and social justice in the Euro-Mediterranean region. Please find enclosed two information leaflets with detailed outline of our aims and activities as well as the generic internship template.

We have been hosting interns from many countries across the world through various programmes and project partnerships for the last 14 years. We have hosted over 400 interns locally and from abroad. Majority of our interns come from the Euro-Mediterranean countries through Erasmus+ mobility programme.

We would like to seek the possibility of working with your organisation as partners in future internship programmes. We can host interns throughout the year for a term between 3 months and 6 months. We prefer to host near/post-graduate students with intermediate (B1/B2) level of English language skills. Your students can apply by sending a copy of their CV and covering letter to volunteering@euromenet.org

Applicants with knowledge or experience and a keen interest in the following areas have proven to be most useful both for our organisation and for the future activity and career prospects of the interns:

- **Journalism:** Media and communication studies including social media
- **Law:** With particular focus on International Law and legal instruments
- **Social sciences:** Politics, international relations, European & Mediterranean affairs, sociology and social policy, migration, minorities, anthropology, philosophy
- **Cultural studies:** Cultural heritage and diversity, literature and oral history
- **Linguistics, Translation and Interpreting**
- **IT & Design:** Graphic design, web design, multimedia tools & apps development
- **Publishing:** Print, online and audio publications
- **Broadcasting:** Radio and TV production, audio engineering
- **Visual arts:** Photography, film studies, drawing, painting, community arts & crafts
- **Performing arts:** Acting, drama, dance, choreography, stage design
- **Music:** With a particular focus on world music

If you wish to provide your students the opportunity to hear from us directly, our expert speakers can visit your organisation and deliver a motivational talk to the students. We can also design custom-made editions of the internship opportunity adverts in your preferred format and layout.

Please do not hesitate to contact us should you require further assistance.

We would like to thank you for your attention and we look forward to hearing from you in due course.

Yours faithfully,

pp
