

International Interdisciplinary Summer School

We are pleased to inform you that the Doctoral School of the Opole University of Technology is organizing an **International Interdisciplinary Summer School**, which will take place in Opole from **22 to 26 September 2025**.

Recruitment will be held from **18 to 31 August 2025**. Applications may be submitted electronically via the following link:

https://irk.po.edu.pl/en-gb/offer/ZAP_SD_2025/programme/SL-SS/

The Summer School is open to **doctoral students** interested in attending lectures and workshops on:

- Artificial intelligence
- Metrology
- Research projects
- Intellectual property

A detailed programme will be published on the OUTech Doctoral School website later.

The Summer School will be conducted entirely in English, and participation is **free of charge**. Participants will receive:

- Accommodation in the University's Student Dormitories
- Travel reimbursement (up to 3,000 PLN ~ 700 EUR)
- Meals

The recruitment process will include both formal criteria (verification of doctoral student status, timely submission of documents, and confirmation of English proficiency at the B2 level or higher) and a merit-based evaluation. The merit-based evaluation will consider the relevance of the doctoral dissertation topic to the Summer School, the motivation for participation, and the expected impact on the participant's academic career and research activities (e.g., scientific publications and conference participation).

Detailed information about the recruitment procedure is available here: <https://szkoladoktorska.po.edu.pl/index.php/en/286-recruitment-and-participation-of-doctoral-students-in-the-interdisciplinary-international-summer-school-under-the-project-ster-for-the-internationalisation-of-the-doctoral-school-of-the-opole-university-of-technology>.

We kindly ask you to read these documents carefully to avoid errors in the application process.

If you have any questions, please contact Natalia Sordon by email at: n.sordon@po.edu.pl.

The Summer School is financed by the Polish National Agency for Academic Exchange under the project "*STER – Internationalisation of the Doctoral School of the Opole University of Technology*".
