

Go to a partner in the KreativEU alliance

We'll fully fund your mobility to a partner university — **funding is available on a rolling basis until the end of 2026.**

A visit to a partner is the fastest route to inspiration, new contacts and better cooperation.

What you can do

Job shadowing

Watch colleagues at work at a partner university and bring good practice back to USB. Mutual sharing of knowledge and hands-on experience.

Teaching & training

Teach a few classes or a lecture for a partner's students. A course, workshop or seminar to develop your professional skills.

Working & preparatory visit

Meetings and planning of joint activities on site — a joint study programme, MOOC, COIL and more.

Off-site meeting

Hold your meeting at a partner — get to know each other and build contacts for further cooperation and sharing of good practice.

Conference, summer school, walking seminar, hackathon and more

Take part in activities run by partners: explore the region's (cultural) heritage, present your own paper at a conference, or mentor international students at a hackathon.

Where you can go

Instituto Politécnico de Tomar	Portugal
Università di Camerino	Italy
Trnavská univerzita v Trnave	Slovakia
Södertörn University	Sweden
Stopanska akademija D. A. Tsenov, Svishtov	Bulgaria

Universität Greifswald	Germany
Breda University of Applied Sciences	Netherlands
Politechnika Opolska	Poland
Universitatea Valahia Târgoviște	Romania
Adana Alparslan Türkeş University	Türkiye
