RESEARCHER FOR THE LABORATORY OF NUTRITION

Job Description:

- Scientific research activities, preparation and implementation of research projects related to the laboratory's work (NAZV, OP Fisheries projects, Interreg, EU projects under H2020, etc.);
- Implementation of international cooperation;
- Independent execution of experiments related to fish nutrition and digestibility, isolation and application of microbial preparations, including evaluation of obtained results;
- Operation and maintenance of laboratory equipment;
- Preparation of R&D outputs, including publishing results in English in scientific journals with impact factor;
- Provision of consulting and advisory services in the field of fish nutrition and breeding;
- Participation in university teaching, including independent supervision of bachelor's and master's theses;
- Fulfillment of the scientific-pedagogical mission defined by the research focus and goals of the Laboratory of Nutrition and VP3 research program of the South Bohemian Research Center of Aquaculture and Biodiversity of Hydrocenoses (CENAKVA), including activities of the large research infrastructure CENAKVA.

Requirements:

- University degree with a minimum title of Ph.D./CSc. in biology, fisheries, or agriculture at the time of employment;
- English language proficiency at least at B2 level (spoken and written);
- Work experience in a scientific or academic position;
- Experience with microbial laboratory techniques;
- Experience with presentations at conferences or seminars;
- Driving license category B – active driver;
- Computer skills (MS Office, specialized software for data analysis, etc.).

We offer:

- Interesting work in an international and rapidly developing team;
- Pleasant working environment;
- Opportunities for personal and professional development (language and employee training courses);
- Employee benefits: 5 weeks of vacation, 4 days of sick leave, meal allowance, attractive foreign stays, discounted mobile services and banking services with partner bank.

Start Date: Immediate

Employment: Full-time (1,0 fte)

Starting Gross Salary: 37,500/month (according to the Salary Regulations), with potential increase through performance bonuses and quarterly rewards after onboarding.

Place of Work : Institute of Aquaculture and Protection of Waters, Faculty of Fisheries and Protection of Waters, Na Sádkách 1780, 370 05 České Budějovice
